

A CLINICAL RESEARCH STUDY FOR INSOMNIA PATIENTS WHO ALSO HAVE ALZHEIMER'S.

If you or your loved one has INSOMNIA – and also has Alzheimer's – Dr Nigel Gilchrist at CGM Research Trust invites you to learn more about a clinical research study.

To be eligible for participation, you or your loved one must:

- **Be 50 to 90 years old**
- **Have a diagnosis of insomnia and mild to moderate Alzheimer's disease**

Please note, there are additional criteria that must be met to qualify to participate in this study.

Thank you for considering this clinical research study
To see if you qualify please contact the study nurses on
phone 3377821 or 0274360141 or email: enquiries@gm-research.org.nz
